M-50

The image is an aerial photograph of an industrial park. In the top left, a road network is shown with labels 'A-2 Madrid' and 'A-2 Barcelona' pointing left, and 'M-50' pointing down. The park itself contains several large, yellow-roofed industrial buildings. To the right of the park is a large storage area with many white cylindrical tanks. The VGP logo is in the top right corner.

VGP

VGP Park San Fernando de Henares is situated 15kms northeast of Madrid.

The city of San Fernando is located between the Corredor de Henares, main logistic road of Spain (Madrid-Barcelona) and the M50 ring, first logistics belt around Madrid which is experiencing significant growth.

The park offers 125,000 m² of industrial and logistics premises.
